WHAT DO WE DO

Web Hosting

Web development with hosting. We are tied up with reputed hosting providers which provides *99%* up time.

Logo and brochure designs

Quality and unique logos and brochure designs from an experienced professional give clients a *brand* image.

Web and app development

All our designs are responsive and quality work being depicted by our *experienced* professionals. Both iOS and Android app development

Customer Support

Hand-hold customer support starting from requirement gathering till the project goes live.

Secured applications

We develop secured applications with Bio-metric and SSL integrations, with proper back-up.

Word-Press Plug-ins

We develop and customized *word-press* plug-ins and sell them at a very nominal price so as to help other developers.
